APPLICATIONS 050020388

REF: STATE 0022715

11. Embassy contacted Indonesian Air Force (IAF) Aircraft Transportation Division Lieutenant, Colonel Amin Sulaksono on March 14 to verify reftel transaction. Sulaksono is not familiar with the foreign party, Singapore Precision Repair and Overhaul (S-PRO). Embassy also contacted First Air Marshall Sunaryo, Chief of Aeronautics on the same day to verify reftel transaction. He was also not familiar with S-PRO. The majority of IAF supply transactions utilize an Indonesia-based company which in turn contracts with foreign suppliers. It may be that S-PRO is purchasing parts on behalf of an Indonesian firm which is a registered IAF supplier. Unfortunately, the IAF is unable to identify a local company with a supply order as detailed in reftel.
